

## **FEI to produce new Music Festival in East Lothian**

Festivals and Events International are producing a new classical music festival for the Lamp of Lothian Trust in East Lothian, Scotland. Featuring major artists, orchestras and ensembles, the inaugural Lammermuir Festival will take place from Friday 10 to Sunday 19 September 2010 in a host of intriguing venues across East Lothian including historic buildings, intimate churches and on board Concorde, and will feature equally diverse programming.

Launched on Tuesday 25 May at the National Museum of Flight, The Lammermuir Festival is the first of its kind for this historic region, whose outstanding natural beauty, boasting the Lammermuir Hills on one side and spectacular cliffs and seascape on the other, has greatly influenced the programming and choice of venues. With concerts afternoon and evening in both rural and town settings, The Lammermuir Festival offers the ideal opportunity for both visitors and locals to explore East Lothian and discover new places, as well as to experience world-class performances of live music.

Having initially written the business plan and fundraising strategy, FEI have now assembled an expert team to programme, market and deliver the festival on behalf of the Trust.
